**Thought for the Day**

Today we reflect on the experience of Jesus in the wilderness. Would you agree that temptation often looks attractive, like a ripe red apple, but when we give in, we discover that it is hollow and leaves us ashamed and unsettled? Jesus faced real and subtle temptation-shortcuts to power, popularity, and success-but he refused them, choosing instead the harder way of love, patience, and faithfulness. Because he was tempted as we are, he understands our struggles and has deep compassion for our weakness. This Lent, as we fall and begin again, we come to him for forgiveness, strength, and healing, trusting that in his restoring power there is always hope.

**The PCC met recently** at a special session to discuss potential plans to upgrade the Centre. All agreed that the Centre needs improvement and with a couple of minor changes, have plans which we will be sharing over the coming weeks. The improvements include accessibility upgrades, like moving the kitchen into the space currently known as the Columba Room to make an allowance for a second large room on the ground floor. Delivering these upgrades will mean that we need to have a funding campaign to pay for the work. We will be sharing the proposed plans soon and will be arranging times for people to ask questions and find out more about what is proposed.

---

A **special afternoon service with Communion** will be held in the All Saints' Centre on Sunday, 29th March, for people unable to attend our regular services. This will be followed by afternoon tea accompanied by the Semitones Orchestra. If you know of anyone who would like to attend and would need transport to the service, please contact Lesley Atkinson, 07484195492. If you could **offer to help** during the afternoon by welcoming, baking, driving or serving tea, please sign the list at the back of church.

---

**As the weather** gets better (hopefully), it is a good time to get out into the garden. When the ground is less waterlogged, clear away any dead foliage and spread mulch to at least 2-3 inches (5-10cm) thick. Mulch suppresses weeds and acts a warm blanket for the soil. It adds nutrients and stops soil being washed away by rain. Examples of mulch are well rotted manure, mushroom and/or garden compost. Apparently, Monty Don likes pine bark! No garden? Remember that window boxes and pots benefit from a mulch too!

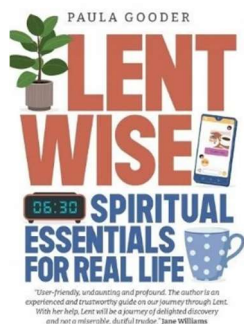

Also, if there are any fallen branches lying around, make a stack in a shady spot and as they rot down, they will provide a great habit for garden wildlife.
